APOLOGY

Hello! Thank you very much for picking up Suwako¢!10 !
I'm Sakana.
Although my website and Pixiv have been abandoned for a long time, I'm still alive.

So, somehow Suwako¢! reached the 10th volume.
I owe this to the many people who have read the books.
Thank you very much.
So, this time I dared to divide the book into two parts and went for "to be continued".
Well, when I was writing the storyboard, it became clear that the size was too much...
And despite starting working on it early, I still sent in the manuscript on the last day of my deadline...
And I had to do so much work on the old h*CENSORED* that it made me cry...
I'm not growing at all... (coach Anzai...)
So that's how it is. I'm not sure if it's good or bad, but
I'm planning on releasing "Suwako ¢ Waterfall" at the Winter Comiket next.
If I don't go through, then it'll be at Reitaisai, I guess?
If you're interested, I hope you get the next one too!

As for current affairs... I went to the "Yotsuba ¢10 years in 1 day Exhibition" that opened in July!
Azumanga Daioh makes me so nostalgic... That's what I thought and watched it,
And I was shocked to discover a moving Yotsuba in a "Yotsuba¢!" commercial...!
What a terrifying surprise...
I thought that I'd love to see a similar-looking short anime.

Lastly,
I want to give my sincere thanks to
everyone who reads my books all the time,
those who picked this one for the first time,
friends and other people who have supported me.
Let's meet again at the next event (or book)!
